Pheeew · 4th Founder Decision — Justin Kim · Cap Table v2

Jason, Dawon —

Confirming our verbal alignment on the 4-founder restructure.
Sending this for the record before I send the offer to Justin
tomorrow.

PROPOSAL — Justin Kim joins as 4th co-founder

EQUITY (whole numbers, all >20%, hierarchy by founding-order +
capital):

- Alex 24% (refresh grant +141,428 shares)
- Jason 23% (refresh grant +184,286 shares)
- Justin 22% (new grant 3,017,143 shares — Justin's first stock issuance)
- Dawon 21% (no change · 2,880,000 shares — DILUTION ONLY, no new shares issued to her)
- Pool 10% (top up from 1M to ~1.37M)
- TOTAL 13,714,286 shares fully diluted

CAPITAL — Justin contributes \$30,000 to Pheeew Inc:

- ~\$6,820 stock purchase price ($3,017,143 \times \$0.00226/\text{share}$, same FMV as original founders)
- ~\$23,180 Additional Paid-in Capital (APIC)
- Total founder capital: \$50K · NO SAFE round · full bootstrap

ROLE — Chief Growth Officer (CGO) · 4-year vest · 1-year cliff

- Front-of-house: partnerships, influencer/creator sourcing, retail buyer outreach, investor sourcing, marketing campaigns, biz dev

- Co-ops with Jason on shipping/logistics/finance for growth-related expense budgets

DAWON SPECIFIC — 83(b) IMPACT Your existing 83(b) is UNCHANGED. Your share count (2,880,000), vesting schedule, and FMV at original grant (\$0.00226) are not modified. The restructure dilutes your percentage from 28.8% to 21% via the math of new shares being issued — not by modifying your grant. CAA-filed ITIN paperwork stays untouched. No refile required.

(Alex and Jason DO each need to file new 83(b)s for their refresh increments — small share counts, low tax impact at ~320/ 416 income recognized respectively.)

ROLES UPDATED FOR ALL 4 (per the R&R framework live at pheeew-live/team/):

- Alex — CEO · safety net (proactive across all domains)
- Jason — COO · back of house (ops/finance/legal/supply chain/tech)
- Justin — CGO · front of house (partnerships/marketing/biz dev)
- Dawon — CBO · brand owner (PROMOTED from CDO)

DAWON CBO PROMOTION You're now Chief Brand Officer (was CDO). Reflects that you own the full brand — voice + design + content + customer experience — not just visual design.

If anything above doesn't match what we discussed, reply before EOD today. If aligned, I'll send Justin the formal offer tomorrow morning and copy you both.

— Alex
